## Ocean Township Police Department Body Worn Camera Program

With the goal of building on our current foundation of transparency and accountability, the Ocean Township Police Department is pleased to announce that we are instituting a Body Worn Camera (BWC) program.

All uniformed Ocean Township Police Officers will be utilizing Body Worn Cameras. BWCs assist officers in the performance of their duties, and they provide a clear and unbiased recorded account of incidents that protect both citizens, as well as officers.

The Ocean Township Police Department utilizes the Safe Fleet Focus X2 Body Worn Camera. Below is a picture of what the BWC looks like and an example of where on an officer's uniform it will be located. The BWC will be located on the exterior of an officer's uniform in the chest area.
